The Story:

Greeted, showered and to the bed. lay back as she gave me a pretty awesome deep suction blowjob. Could have happily let her suck me all the way but resisted and I'd have shot my load too soon. Undressed her. Tits a disappointment and she's a bigger girl than expected. Screwed her in various positions. Massaged oil into her tits which looked best when she was on her back as otherwise they look a bit small and saggy. Decided to go from behind with her on the bed and me standing. Massaged oil into her butt. Withdrew, removed chap and creamed her glistening butt cheeks and arse crack. Nice. No spanking, anal fingering or CIM allowed. Great head and an OK punt but there is way better action to be had out there.
