### The Premises:

A bit difficult to find but fairly anonymous. Very clean and comfortable.

### The Lady:

Wow! I was in Northampton and decided on a massage and HR on the strength of "Newlook"s report on Rachael. When I got to the parlour, She was engaged and I was offered Shannon who was not my type. Whilst waiting in the lounge, a stunning leggy woman walked in, dressed in a short masseuse top with black holdups, stilleto's and blood red lipstick. Toni's around mid - late 20's, tall, leggy, pale, slim and gorgeous!

### The Story:

An odd one this: Firstly, I had a great time with a gorgeous woman. Looking at it objectively though, it probably seemed great because I wasn't really expecting anything more than a handjob. Toni Looks great. She has quite a "posh" accent, gives a great massage (a real one), good conversation and is clearly unshockable. She's also tight, wet and compliant. On the negative side, it's very much by the book with everything carefully priced. I also hate being told to hurry up (not in so many words) when I've just got going.

Recommended but don't go expecting a GFE.
