The Premises:

Posh area, really crowded so felt safe. The flat itself was really basic but clean, no problems there.

The Lady:

As seen in the pictures and as I told her "the blondest girl I've ever slept with". Brilliant if you love blonde english girls with a passion like I do.

The Story:

After a couple of Eastern European punts I thought the time had come to invest a little extra and try local (ie English). Wasn't disappointed. Grace was easy to talk to and made the experience both relaxed and intense in turns.

I won't discuss what actually happened because that would be crass, but you can tell the difference between girls who are doing it for the money and girls who do it because they actually enjoy it on some level. Grace falls into the latter category quite easily and that transformed the whole experience.

At the end of the night both me and my money were well spent. Will seriously consider breaking my golden rule and go back to the same girl again.

(A word on the agency - excellent, professional and to the point. Will use them again)
