### The Premises:

Well known but refurbished since I was last there. And what used to be the dungeon was now the aqua room. This looked just a bit half-hearted, to be honest. Cleaning squeegee by the one shower in the corner and a low ledge with candles so not like a full-on walk-in shower. Also the floor is a bit slippery.

### The Lady:

I phoned up just before travelling and only Jenny was available at my time. Was slightly surprised I couldn't drum up any info on her in my head but I later found she has no pictures on the site and no reports.

Jenny is a well-proportioned, voluptuous brunette, late 20s probably. She is attractive and has beautiful large natural breasts.

### The Story:

I had never been in the aqua room so I asked Jenny to take the lead through the session. She could have done the minimum, therefore, but she made a real effort and we had a dry body-to-body then a wet one then oral and reverse oral, a cuddle under the shower then sex in different positions around the slightly narrow bench then the shower again and then back to the bench.

Any limitation on the success of all this was down to the room rather than Jenny as the bench did not make for easy use, the floor was too slippy to do much standing up and the one shower was just a shower really.

Jenny and I got on well and the conversation flowed. She was complimentary about me and what she was getting from it.

Might have hoped for some kissing but didn't want to make a wrong move though did get a kiss on the lips at the end.

An enjoyable time with Jenny and a new experience in the aqua room though I think it could be a bit more boldly designed. But perhaps the girls wouldn't want their hair to be drenched four times a

day.
