The Premises:

Reasonably discreet entrance to spa at the back of some shops. Good parking facilities in a safe area of Nottingham, just near the hospital. Facilities inside the place are clean, safe and decent. First time here and I was pleasantly surprised.

The Lady:

Tall, great figure with a pair of breasts to die for. Lovely personality as well, with the ability for a great chin wag that sets you at ease.

The Story:

Started off with a nice gentle massage. The only drawback to this place is that the massage couches are so narrow and can be a tad uncomfortable if you're lying there with a bloody erection.

Went for the full package, which started with covered bj working up the old man nicely. Her breasts are great to play with, to suck, or just to generally ogle at.

Eventually had to switch around and had a go at going on top of her on that god-awful narrow couch. We eventually agreed that the safest option was to go for doggie which actually worked out nicely in the end, culminating in me coming deep inside her.

A very satisfying punt in a pleasant environment with friendly staff.
