### The Lady:

### The Story:

This is the first and last time I will use a London agency - Melissa was nothing like her photos - I would be astonished if it was the same girl as on the website. No offence but she was not outstanding in any way at all - her English was fine but conversation was only ok as I have lived in Russia.

She was reluctant to start - not a problem as I thought we had all night and when she did she wanted to get it over and done with as quickly as possible. No kissing - she has a boyfriend whom she had a long conversation with during our meeting and also informed me that she never actually stays the full night and leaves at 4am latest - she will not sleep in the room.

I could go on for ever about what a disappointment it was - in fact I said at midnight she might as well leave in a nice way and go home and sleep.

This was the epitome of a professional at work and if there was such a thing as Trade Descriptions in this area I would be reporting the agency.

Nothing against Melissa but she is not cut out to be a top flight escort - it is obviously better pay than being a student working in the strawberry fields down south but as a client I am very disappointed.
