The Premises:

In a slight state of chaos as having air conditioning installed but the receptionist was so pleasant it was no problem whatsoever. She asked my choice of girl to come down to say hello and a little bit later I was shown into the room and had a wash.

Honey introduced herself in a very fresh and pleasant way and I knew I was going to have an enjoyable time.

The Lady:

Just 18 and just in her second day working, apparently. Honey is a pale skinned black girl with a lovely lithe body and an extremely engaging manner. Where she got the confidence to behave like this I just don't know but I was made to feel special from the first moment to the last.

You'll probably agree Honey looks a bit different in the flesh from her pictures but nothing negative meant by that.

The Story:

A super time. As I said, how she is so confident so young is amazing, let alone being in this business. She was in control throughout but it didn't seem like that at all as lots of little surprises kept happening, all of them pleasant. I won't list them as she may not do them all or the same ones another time but I certainly felt all the time that Honey was happy to be with me and to help me enjoy myself.

We had oral, reverse oral and sex and they were all great but so were the cuddles and fondles beforehand and her compliments throughout.

Honey is my kind of girl and I do hope she is treated well enough to retain the wonderful youthful enthusiasm that made my first visit to her a pure delight.
