The Story:

Don't bother - OWO but mostly hand, clear that there is no CIM, not sure if it is limited English but the punchline was that she was bisexual when asked about boyfriend which sort of explains why despite trying most things in the book, failed to get any reaction. She's basically in a lesbian relationship with her flatmate, Kate, who is also on various websites.

BTW, Kate is much more fun and better English. Both are hairy, if you like that sort of thing.
