The Premises:

Modern block of flats with entryphone system. Parking space available. Flats have gates on the road and the area feels safe. As there are many flats in each block and several blocks, you don't feel noticeable - so coming and going is pretty anonymous. Flat itself was clean and modern.

The Story:

Jasmine was just what I needed - she is passionate, sexy, has a good sense of humour and certainly seems to enjoy her work.

She started by removing my clothes, then with her tongue in my mouth, she found my cock with her right hand and we were all over each other! It was all a bit of a blur, but then I remember her sucking my cock and then I just had to fuck her. She straddled me as I lay on the bed and had me coming in no time - phew!

We chatted a while - Jasmine is fun to be with - she is very easy to talk to and has a great laugh.

Then - as they say - it was on to round two. I decided to turn the tables and went down on Jasmine - she seemed to like it - well, she made me stop after making some very interesting noises anyway! She then returned the favour. After a short while she looked me in the eye and asked me to fuck her - how could I refuse? I didn't think I would manage it so soon after the first time (As I get older/tired I need more recovery time) but it wasn't a problem. Doing it doggie style - and watching it in the mirror - did the trick. Afterwards, there was no rush - we had another chat, before I got dressed.

Imagine you been away from your girlfriend for six months and this was the first time you had seen her - it was that kind of great sex.
