### The Premises:

Small place above taxi office across the road from the cinema, entrance down alley at the side which can also be entered from the street that runs behind to make it less conspicuous.

The room I was in was small and dark with a double bed shoe-horned in to one end. If I lay down straight my feet touched one wall and my head another. It will also need air con for the Summer as I imagine it will become a real sweat-box and I don't think they would be too happy if a punter keels over with heat-stroke.

### The Lady:

Not sure if this is how her 'name' is spelt. Most likely mid-twenties with short dark hair which she had scraped back. Good figure with fair-sized firm, natural breasts.

### The Story:

Down for the Easter weekend and popped in on a whim, didn't have the extra ?20 for OWO. First 10 mins wasted waiting for the lady to 'get ready'. Finally started off with a quick, average massage on my back then turned over. No front massage, so on with the condom. Must have been a heavy-duty one as I couldn't feel a thing, although I have to admit that she was very energetic and took in a fair amount so can imagine that OWO would most likely be quite high up on the list of blow jobs I've received over the years.

Asked if I could go down on her, but she said no. Apparently, during a medical check up was told by the nurse about transfer of germs etc whilst receiving oral so doesn't do it any more. Although she is willing to do OWO for ?20! (so germs from my mouth on her clit are more dangerous than germs from my cock in her mouth???).

Anyway, she climbed on top and I had to bend my knees or would have been banging my head on the wall. Then followed another energetic session of her bouncing up and down as she fucked me which had me knackered and I was only providing the occasional thrust. Finished off with her lying down having a tit-wank before unloading over them.

Apparently, there is supposed to be a web-site cumming soon and will be able to book the ladies for out-calls. Would return to see this lady to see if her OWO is as good as I think it should be, as long

as one of the other rooms is used.
