The Story:

This was my 4th visit to Limelight and it will be my final one. It really is the worst of the London parties. The atmosphere was dead - the girls going through the routine with no real enthusiasm. Anais - no fingers, no kissing, used her legs to prevent full penetration. No eye contact or any suggestion that we were in an intimate situation. Daisy was better but there was still a feeling of rush even though there were only 3 blokes there.

I have had decent experiences before once or twice but the negatives in the end outweigh the positives. Better to go to one of the other parties which may be more expensive but are a lot more fun
