The Story:

part three of my day as the wonder lounge party was cancelled . had shower and waited for jacki to arrive she was doing another customer had seen her when i came to see jamie lee a few weeks back and she looked amazing then . when she popped her head round the door she was wearing a gorilla mask which came as a bit of a shock she quickly took it off to show a georgeous face great smile gave me a back rub and then turned over she was amazed at the size of my cock and said can i show my friends i said yes and she went out to the banister and shouted for the other girls to come up jenny who i had seen before came up and had a look . jacki is as mad as a hatter playing with my cock doing impressions pressing my japs eye and then she did the voices she kissed lightly she does not frech kiss,(shame) some nice o without she rub her clit on my shaft then on with the hat in to mish we got a knock on the door time about up but we kept on going went about 10 minutes over time came over her body most of it going in her belly button . what a fantastic lady totally off her trolley in the nicest possible way if she worked at sandys superstars she would have them queing round the block for 40 pounds 11 out of 10 cant wait to see her again
