The Premises:

The Georgian , Nice clean place in the centre of Oldham , Very professional layout more like an office reception than a parlour.

The Lady:

Quite Tall , Shoulder length mousey hair , Glasses , great figure very pretty lady about 24 years old.

The Story:

I was just getting dried off after a shower when Chelsea came into the room and asked me to lie face down so that she could give me a massage which she did with Talc (Quite Good). Then she asked me to turn round and put the condom on with her mouth while I was still soft (Never A Good Sign) and because of this Chelsea had to work hard to get me fully erect which she did with some perseverance and eventually gave me quite a good BJ until I asked if I could return the favour. NIGHTMARE, Chelsea lay down and when I started she gripped my head and with both hands and made sure that I couldn't lick more than the very tip of her clit, When my tongue did manage to venture further I realised that she was crammed full of KY which was like eating soap and so probably explains why.

Sex was meh and not particularly good , not very responsive. Funny thing is I only chose Chelsea because of the Glasses , sort of secretary unleashed look going on but they came off as soon as she entered the room.

I think maybe us stokies are spoiled with the high standards that are currently being enjoyed in Stoke , But then again the kind of money these girls are earning high standards are only right.
