The Premises:

Brooklyns is located on Nantwich Road with easy access through an open door, up a small flight of stairs, and then it's simply a case of pressing the buzzer and waiting for admission. I normally always go to brooklyns because the location isn't opposite any imposing pubs or any particularly busy public places so, yes, I felt safe and the area always agrees with me personally. The venue was clean, as is always the case.

The Lady:

There are no pics of Nicole on the brooklyns website at time of writing, but she's roughly 18-19 years old, 5ft 8", long brunette hair and slim(ish) body. facially she is attractive, but she didn't really capitalise on that by her relatively cold, quiet reception, ie: She didn't have a particularly 'warm' nature, but it could have been due to the time I arrived (near closing).

The Story:

I arrived and was greeted with a frosty remark from the receptionist: "you're only just in time!" They were about to close (I think it was 8.30pm) so I wasn't expecting bells and whistles from the word go. I immediately chose Nicole who arrived and greeted me. Dressed in red lingerie, she got me going straight away, and I couldn't wait to get in that room :) Once on the bed, Nicole asked me what i wanted so I chose to spend some time on her body, licking, kissing and massaging her body and tits before enjoying some time on her pussy which got her quite nice and wet. Then she got up, put a condom on me, gave me a quick hand-job, a quick blow job (nothing special) and then lay back and said 'go on then!' lol...so I did...fucked her hard in missionary, then her on top for a short while, then I think she'd just had enough (was tired) because she hopped off and gave me another hand job before lying there and asking me to finish up myself. I'd been a little put off so I couldn't finish, at which point Nicole left the room. I got dressed and was shown out the back door by a still frosty receptionist. Hmmmm...maybe I wont be going at that time again! :) I'm going to recommend Nicole because she is attractive, rather innocent (at 18) and I'm sure she's provide a better service at a different hour, but I was sadly let sown by this experience and it's kinda put me off visiting again.
