### The Story:

This was my first visit to this place for some time and Isabel looked as stunning as ever. Very well spoken with a calming aura about her, Isabel made me relaxed in no time at all. Started off with talc massage before moving on to some fantastic covered oral with lots of great eye contact throughout. On this occasion I decided to treat myself and opted for some of the extra services on offer and wasn't disappointed, eventually releasing my load all over her soft magnificent breasts, which are an absolute joy.

An amazing experience with a wonderful lady, take good care of her chaps, treat her with the respect she deserves and you are in for a marvellous time.
