The Lady:

22 year old, slim, fabulous body, long blonde hair, completely shaven, visually a vision of beauty.

The Story:

the young lady presented her self to me in stockings and high heels. i thought i was in for an exceptional time, i had never experienced anything like it before, she was completely uninterested, contiually chewed gum, i could not get in to it, her facial expression was completely glassed and uninterested, it was like shagging a plastic page, she just lay there.

o'h yes one other thing, i couldn?t do this, i couldn?t do that there was very little that i was able to do. complained about this complained about that, wasn?t allowed to have sex with her any more as she complained she was sore etc, etc!!!! what a complete waste of time and money. the worst sex i have ever had for a working girl.

she looked absolutely fabulouse sex on legs, I went completely limp, she ended wanking me off, then immediately got dressed, the air was tense, i was glade when she left

if you do see her i would suggest that you just sit and look at her and play with your self, you will have a better time, she might even let you do that if you ask nicely :)
