The Story:

trisha is a good conversationalist and an even better kisser and this puts you totally at ease with her. i wont go into too much detail but her oral skills are out of this world. after round one and a genuine orgasm each we had a chat as tho we were old friends and then to round two for more of the same,she's a cheeky little madam who enjoys recieving as well as giving orgasms, but this all adds to the experience. i feel after having some poor punts in parlours that this visit was a breath of fresh air and well worth the money as there was no clock watching and no having to pay for extra's,reverse oral etc. she definatly floats my boat and i hope to return in the not too distant future
