### The Premises:

fairy spells is a wonderful place. the entrance is a little bit exposed but not too bad.  
the rooms are wonderful.

### The Lady:

Dyed red hair, nice figure.

### The Story:

asked to see the lady first to try and gauge if I could get along with her or not. this was fine, she seemed a bit quiet maybe shy but seemed friendly enough. so I decided to ask for an hour with her. she sat on the bed and instructed me to get undressed in a very matter of fact way. then she just lay there. I guessed she wanted to be told what to do, I told her that i like to do things more naturally and go with hte flow.. she just lay there. so i lay down next to her and started caressing her. she seemed very disinterested. then she started asking me mundane questions.. the worst was when she asked me if I had a girlfriend. then when i said no she asked me "why do you think that is" way to go on the confidence attack. I tried to ignore that question. it wasn't really fair and my choice to remain single is not really her business.

She kept her legs locked together.. I asked her if i could go there next with either my hands or orally.. she told me it was extra.... it is extra to touch her pussy? I guess full intercourse is extra too in that case. so I was left wondering what exactly I was doing there with this girl for an hour. so at that point i said she should do what she normally does . she started playing with my little guy (he was little because this girl was not doing much to excite me) tihen she started trying to put a condom on me when it was still flacid. at that pouint.. if it had gone fully erect, the bloody condom would have split without a doubt.. I said that she couldn't do that because it wasn't ready.. she then whipped teh condom off very impatiently and said "right, you put the condom on then." and just looked at me.. this woman was treating me like a bloody object. I'm not exactly gonna get off on that.. I just wanted to spend some quality time with a nice lady. instead i got a shameless whore who was IMO the lowest of the lot. she was under the impresion that ALL working ladies charge extra for touching their pussy. that's ridiculous. I have met a LOT of ladies. but this is the worst. I have been to marnies of chester about 10 times, been to the lounge in wrexham about 12 times and been to fairy spells about 4 times. never have i been treated like that. I left after about 10 minutes. the worst part of the lot... when I decided to be polite and say that it was okay, we were just having

a misunderstanding, she flat out said to me "it's all you. it's in your head."

The best word to describe this lady - "bitch"

don't go see her unless you simply want a 'professional' service and to be treated like a lump of meat.

thats 90 pound I should never have let go of.

### **Service Provider's Rebuttal**

Hannah writes:

this report was completely malicious and untrue. i would seriously doubt the truth in any reports written by "wrexhamlad" after reading this. and to think i actually felt sorry for him! he was very timid and quiet and confessed to having never had a girlfriend. he says i charge extra to touch me, what silliness! we all know what is included in the price, sex being one of these. wrexhamlad unfortunately, pardon my language, is full of shit. hannah xxxxxxxxxxxxxxxx
