The Story:

This is the third time I have attended a limelight club gang bang Party and I think it will be the last. There are definately better parties about but it was a friday and gentlemens Parties or Club fantasy were not on. I was once again swayed by the apparant value for money. This was a 4 hour party with 3 girls and was only going to cost ?95. However although the girls were pleasant enough they were all pretty much of a muchness. They were all latin american, insisted on condoms for everything including oral and did not display the sense of fun you get from some of the other parties.

Alex was ill so Pam an english lady who I have played with before was running the bar but not partying today. Pam although no more attractive than the other girls displays a cheeky sense of fun while sucking and fucking that I like at these parties sadly this was missing here.

The bottom line is this is not a bad party, especially as it only costs ?95 for 4 hours but for a little bit more you can go to Gentlemans parties (relish as it was) or club fantasy as well as some others and have a selection of 3 girls who are different in appearance give oral without condoms, snowball with each other and take on multiple guys simultaneously. At this limelight party it was mainly one at a time only and I was left wishing I was at the sort of party which had a genuine porno type orgy about it with girls with sticky faces and bodies e.t.c.

I have learnt my lesson that less money and more time is not what it's all about. What counts is the atmosphere, the attitude of the girls and a bit of variety.
