The Premises:

A very short walk from Earls Court tube. Nice basement flat. The room itself is a tad small but has all the equipment needed, many uniforms and a double bed.

The Lady:

On the website, Jessica is described as being similar to Nigella Lawson - that's not far off the mark. Mid/late 20s, Australian, tanned, brunette, shapely (that doesn't mean fat), amazing big tits and facially good looking. I was definitely happy to stay.

The Story:

My first venture into the BDSM world - this is slightly different as "normal" services are also allowed. We had a bit of a chat about what the session would entail (I shied away from anything too hardcore) and she has a relaxing personality which would be ideal for allaying nerves.

Session consisted of Jessica dressed as a policewoman (she fitted into a tight pvc dress) who tied me up on the cross which I enjoyed whilst she sucked on my nips and tied my cock up with a stocking. Followed by me being forced to lick her out in various positions, giving her a toe job, onto a covered blow job and the session finished with her sat on my face facing my cock and whilst I rimmed and ate her out she delivered me to completion with a hand job.

All in all I enjoyed the session though not sure if its my scene though I may be tempted to make a return visit. If this is your scene or are just curious I'd recommend Jessica and this establishment without hesitation.
