The Premises:

Top quality as mentioned in many reports, the smartest around.

The Lady:

Becky is medium height around 5'6 with shortish black hair and a very slim body. She is very very pert and has very responsive nipples

you only need to look at them and they are asking to be sucked.

Becky's whole persona exudes " Hot stuff" My guess on her age would be looks about 18, but experience and attitude 22-24 she just knows too much to be a teenager.

The Story:

I have met Becky before at a previous establishment so I knew what I was in for.

Becky is a professional in her work, and attitude. She is very friendly and very energetic. She isn't a quiet submissive girl next door type. She will lead the way and knows all the tricks in making your time thoughly worth while. (If she was the girl next door, I would be moving in with her)

It is hard to describe, and different thing please different men, but Becky to me is the closest thing to being "Sex on legs" She has lovely lips, is a great kisser and with her taunt body squirming around on you, all the focus is on having a good time.

Have a medical and have your your heart checked if you intend meeting her !! She is worth every penny.
