The Story:

My first visit to a BDSM escort and I was impressed with the level of service at the Retreat. I had the first booking of the day and I was not at all disappointed with Sams appearance. She has been well described in previous reports and she certainly exceeded expectations. She is so tall, slim and confident. She was re-assuring as we sat on the bed and discussed what I wanted to do. Since this was my first BDSM visit I stuck to a simple tie, tease and face sitting. Sam wore a very alluring latex outfit with thigh high boots, I stripped and she strapped me to the wooden X. She then teased me with her hands, tongue and body before stripping herself and teasing me further. Sam then untied me and strapped me to the bed. She blindfolded me and then gave wonderful covered oral, before sitting on my face and making me lick her pussy. Finally finished with a frenzied 69, with me rimming her gorgeously pert ass (never thought I'd do that) and she bringing me off with her mouth. All while I was still strapped to the bed. A wonderful experience, but now I just want to return and take it another stage further, then another and another
