The Story:

Never written a report before but think that Cardiff residents should watch out for this girl. Real shame as before she robbed me I thought she was okay.

My own stupidity to blame here, as previously she's arrived, left her bag as deposit so she could give cash to her "sister" or whoever, and then come back. This time it was very late (she had kept me waiting for about four hours), I wasn't paying attention, she didn't leave her bag, and she did a runner. That'll teach me.

I'd be very, very careful of Becky (her real name, I believe), Ashley Jane, Jemma (juicyjemma.co.uk), or whatever she calls herself. I suspect that in the near future there'll be a new girl on the scene with a shiny new website: be suspicious that this isn't the same girl (whoever does her websites seems to follow a similar theme). Seems to have a change of identity everytime someone gets stung. Most annoying thing is that robbing clients is very short-sighted and ruins things for the more honest girls out there.
