The Premises:

Ground floor flat across from the Marriott off Edgware Rd. Safe area. Small bedroom, shared bathroom. Flat shared with Sakura, another WG.

The Lady:

Rather tall Japanese girl, very fit and pretty, with nice tits and arse. Long black hair, tatoo of mermaid on right side of back above arse.

The Story:

Met me at the door with a rainbow coloured bikini, that was off with few preliminaries. Excellent OWO, decent shag in all positions. Was a bit disappointed that didn't get the expected CIM as reported by others, more of a CIF. Though it wasn't exactly what I had hoped for she's certainly not a cum dodger.

Had a pleasant conversation and a massage before beginning round 2. After round 1 the tone turned more hardened professional. She took no less than three phone calls (she lists as an indie in addition to the agency) from this point, once during the massage, once whilst wanking me with lotion and one whilst I was actually boning her doggie style. By this point it seemed rather surrealistic and mildly comic, but I don't think I would have taken it quite as well if it had happened during round 1.

A bit too tall for my tastes and the phone business will keep her off the return list.
