The Lady:

Bonnie is mid to late forties and her figure is one that would make you turn and look as she walked past you in the street.

The Story:

My second visit to this wonderful lady. She takes her time on the massage using the tips of her fingers, nipples and tongue to get you aroused. I have been to other places but this is the best massage i have ever had. I went for her A level service which she is so superb at. She loves it deep and hard and thoroughly enjoys it. Afterwards my knees were literally trembling and when I said that to her she laughed and said so were hers. If you ring and the phone is answered by a very deep voiced lady, ask if her name is Bonnie and just go. She is fabuolus, believe me.
