Decent wg studio digs, quite discrete and not too far from the tube station.

The Lady:

Hmmm her pics were def photoshopped, she is older than she seems i would say 26-29, has got a harder face than the pics would suggest says she's from kahzaqstan, the only thing that didnt dissappoint were her boobs, i actually thought it wasnt her till she took her top off.

The Story:

i left after an hour despite me paying for 90mins cz although we clicked on a conversation level i thought the sex was crap + she kinda stank down there so i wasnt really interested, her owo is nothing special and while we were having sex she was trying to get me to come asap she kept telling me i wasnt in d gym, it was a dissappointing punt so after the first round i just sat there and we chatted some more and she seemed nicer when she realised i wasnt after anymore sex. Maybe she was having a bad day but from what i gathered she wouldnt be a bad punt if she took care of the funk down there and watched more porno's lol!! If you plan to see her well its a 50/50 probability it could suck or go well. im recommending only coz we got on intellectually but in bed it was a disaster.
