### The Premises:

Smart, well-furnished, comfortable and air-conditioned. At least you don't have to stand outside waiting for the door to be answered since the outer door is left unlocked. It was my first visit to this parlour and once inside I was greeted by the friendly maid and shown to a curtained-off area in Reception complete with sofa and TV. I was not offered a drink however. The four available girls appeared one-by-one and I chose Carmen partly on account of previous positive FRs.

### The Lady:

Carmen is a pretty, petite Romanian girl with an impish sense of humour. I would not describe her as shy as previously reported.

### The Story:

I was shown to a spacious bedroom complete with jacuzzi and mirrored wall. After running a bath for me Carmen disappeared for 5 minutes. When she returned I was offered a massage which I accepted. This was fairly average with just a small amount of teasing. On turning over Carmen then applied a copious amount of lube to my cock which she proceeded to stroke vigorously for a while. On with the rubber and oral followed. Carmen still had her panties on at this stage and positioned herself at right angles such that I could not easily reach out and touch her. In fact when I did attempt to feel her breasts she jokingly remarked "That will be ?10" , but gave no encouragement for me to continue.

When it was time for sex Carmen applied more lube to her pussy. Despite asking me what position I wanted she nevertheless indicated that she would prefer doggy, so I agreed knowing that I would probably not come in this position. Indeed there was so much lube that I slid out a couple of times and this spoilt continuity. And when I did not come within a short time Carmen remarked upon this, so it ended with me turning her over and finishing in missionary. After cleaning up I chatted with her on the bed for a couple of minutes before she showed me out through the main door.

I am sorry to say this punt was disappointing partly because of the lack of encouragement on Carmen's part and her technique (she remained passive for most of the time) and also because she became distracted by the music which was playing in the room.

It may be that she was just having an off day or that I did not "click" with her but for whatever reason I would choose a different girl should I return.
