The place was ok, clean but not terribly luxurious.

The Lady:

She looked a little chubbier than the pictures, but very nice body indeed and very sexy brunette.

The Story:

She looked a little chubbier than the pictures, but still, she was a very sexy brunette with a nice body indeed.

As I entered her place, I got the impression that she has just had another punter in before me; she did not look prepared enough and had scruffy hair.

However, she looked sexy enough for me to stay and I am glad I did.

She is a keen kisser; we immediately started kissing passionately and she was rubbing herself against me. I believe she was horny; perhaps the guy before me did lousy job? :) You never know! She was horny like hell and I took advantage of it.

She gave a good BBJ then started with her on top and she was rubbing herself against me like mad, until she came seconds after me.

We washed and chatted before round two which was as pleasant as the first one.

The only drawback was that I felt she hadn't fully washed after the guy before me, which is always a negative especially when you see the girl get dressed without washing between punts.

Other than that, she was very good.
