The Premises:

I have seen many girls over the years, and one of the things that always helps me relax is their place; Natti's bedroom was not tidy at all and had a dirty carpet in the middle.

Stragely enough, her bathroom was quite clean.

The Lady:

I chose Natti because I like slim, cute girls who are not very tall. She is definitely one, with a nice body too!

However, she looked different from the website - same girl, she but lacked a lot of glamour in the flesh. I also think the pics have been touched up a little bit.

The Story:

She is either shy or very tired; that was my impression when I first saw her.

She speaks very good english, but with a strong accent which makes it difficult to understand her.

She sounds quite intelligent too, and I think this is the reason for her lack of enthusiasm in this job.

She asked me if I wanted a drink, so I asked for a glass of water. When she brought it to the room, I looked at the glass and I could see lip marks all over its rim; obviously she served me a dirty glass. So I put it down on the table by the bed and did not drink it.

Since she fit the criteria for me on the body side, and having paid her the money already, I decided to stay (not that I had a lot of choice at that stage).

I took a mint breath freshner and offered her one but she declined.

She responded very cautiously with a lot of shyness when I tried to kiss her; she also had dry lips. I asked if she did not like kissing and she said she has a cold (sic!) - why work if you have a cold? to pass it on to other people?

Her BBJ was not bad at all, and I mean really good.

The sex was ok, with her being passive mainly, and I took her in spoon and doggy positions. With a cute body like hers, I could not stop pounding her from behind until I came.

We sat and chatted while recovering and she smoked a cigarette in the room (I wish girls ask if the punter minds smoke; out of courtesy at least).

She told me that she has been out partying all night from 23:00 until 11:00 in the morning. This obviously explains her constant yawns and fatigue.

After round two I washed, got dressed and left without much chatter.

She is a nice girl, but something was missing for me and I doubt I'd see her again.
