The Story:

Was offered a shower which i declined as i just had one, We both stripped got on the bed, i noticed a single condom on the edge but though nothing of it, after the shortest owo ever it was on with the mac and she got on top and we screwed till i came, offerd tissue to take the condom off, asked for a bin but was told to crop it on the floor(how unhygenic), lay back on the bed, no attempt was made at round two, when i asked was told she didnt have any condoms. Was getting irritated so i decided to kall it a day, felt ripped off. She does seem nice & chatty but the sex was mechanical, maybe we just ddnt click but i kant reccommend due to what i felt was her lack of hygiene.
