The Story:

My first visit after many years wondering and not quite being in the right place at the right time etc. She briefly talked to get an understanding of what i wanted - i kind of knew but she probed me for more clarity. She dressed me, treated me as a slut, called me susie, had me obey her commands and used a strap on on me as i requested. I was eventually tied to the bed, and she went down and then slid down on me for a quick release. I will return and ask for the same again - only rougher!
