### The Premises:

Excellent place, clean and safe, and quite popular too I reckon!

### The Lady:

A warm and very giving girl in her late teens, with dark hair and real come-to-bed eyes. She gives you just that look that suggests you are in for a mucky time. Medium height, slim but not skinny, just right!

### The Story:

As she came into the room, we just locked eye contact and from that moment it was just total lust, it just came naturally. She made me taste her, and was so wet and ready that I just had to take her there and then. We then flipped each other over and she rode me on top with lots of very sensual eye contact, before she asked me to take her on all fours. I did take her on all fours and got so deep it felt amazing, before pulling out and taking off condom to shoot all over her sexy back.
