The Premises:

It was my hotel and so OK. I didn't like the attitude of the people at the agency on the phone. It was like they were doing ME a favor sending the girl to my room. Having had such a bad experience and having had such lies on the phone about the girl, I would never book with them again (see below)!

The Lady:

Davina claims to be in the "late 20s" but is probably more like 40! She has huge (enhanced) boobs which she claims are natural. She is almost fully shaven with a "runway" down the middle. She has bleached blond hair and dreadful skin. She was dressed in a very tarty (which I don't mind) mini-skirt, halter top (no bra) and stockings.

The worst thing is she was drunk, very drunk and she stank of booze and fags. I don't smoke so this made it much worse!

The Story:

She seemed to just want to talk and kept trying to get me to book extra hours. It took me ages to get her to get her kit off and then I almost wished I hadn't! Anyway it was on with the jacket, in and out and I was glad to see her go. Altogether one of the worst punts of my life.

I was so cheesed off that I called the agency after she had gone, spoke to a VERY aggressive Scotsman who more or less told me to **** off! They were interested in nothing other than getting their hands on my money!

NOT RECOMMENDED!
