The Premises:

Very smart basement flat just a couple of minutes walk from the underground station ? however only there for a few more days before she moves somewhere else. However, seeing what good taste this young woman has, anywhere she is based is likely to be a smart location.

The Lady:

Amelia was in London before and I never managed to see her when she was with Anna?s Angels ? don?t make the same mistake, guys, she is NOT TO BE MISSED under any circumstances! Of course, that depends if you like slim, beautifully trim young women who adore sex and know instinctively how to pleasure a guy ? otherwise go off and find someone chunkier with minimal English! The pictures are genuine, but the truth about this beautiful woman is between her ears ? she is bright, intelligent, perfect English and is total sex on legs.

The Story:

First time I have ever had an escort at this hour of the morning, but it brought back happy memories of waking up with lovers in years gone by and the joy of early morning sex. We both got stuck into the champagne I had brought and then got stuck into each other. Come on guys, you don?t want a long essay like a bad porn novel ? just take my word that her oral skills are without doubt among the best to be experienced in London, particularly as she only used her tongue, being ridden by her is a dream come true and she is genuinely affectionate and sensual when the action slows down between bouts. No clockwatching, friendly, amusing ? what more do you want?

This is total sensuality ? not just sex ? can hardly wait to go back with my girlfriend for a threesome ? I just have to see that strap-on put to good use !!
