### The Premises:

Silk and Stockings is in a typical suburban street. A quick stroll from Harrow On The Hill tube. Inside the reception area is average.

But the room is lovely. A warm and seductive red, with an excellent mirror set up. I always feel really relaxed here.

### The Lady:

Sara is simply stunning. Very pretty. Around 21, perfect figure not bony - but not an ounce of fat. Large E sized breasts. Long dark brown/black hair. About five feet seven. Gorgeous skin tone.

### The Story:

There have been quite a few reports about Sara, and yes they are all absolutely true. She is a stunner. Smallish frame and large breasts is a delicious combination. I have been waiting to get a chance to see her, and was looking forward to her peeling off her clothes.

When she did, it was even better than anticipated. Jaw droppingly perfect. We all know how beautiful the female form can be - but her breasts are a work of art. And put together with a lovely skin tone - what more could a guy ask?

It's funny - Louise who used to be at this place on a Monday was equally a stunner with large breasts. I don't know how they find their Monday girls - but I like it.

Anyway, once over that, what was the sex like? Straightforwardly good. I tend to agree with the other reports. Sara is not an intense GFE. But she is charming, and even if slightly mechanical, with a girl as attractive as this, it's not that much of a drawback.

I went on top for the sex, and it was a sight to behold seeing those breasts swinging backwards and forwards.

But they would look equally good with Sara on top, or from behind - and I intend to find out exactly how....
