The Story:

Chelsea was on down in London on a short Tour.

Nice chat to begin with followed by some very sensual and extensive foreplay. Chelsea offers expert services with lots of soft whispers. She responded well to my careful tongue techniques displaying hard nipples and soon reached an orgasmic climax with plenty of juices flowing. It was agreed that my Wonder-Tongue nickname remains appropriate. Chelsea's oral technique also proved special and my manhood responded by standing to rock-hard attention. My favourite position is the good old 'mish' and we settled down to a low-lying, leisurely, comfortable and embracing ride. This proved to be a long-running session of great pleasure as nothing faded during this stimulating action. I increased the thrusting pace as necessary, encouraged by Chelsea's grip on my buttocks. We did start to feel a little warm due to the close proximity of our heads as the proceedings lasted a good number of untimed minutes. I shall never forget reaching a tremendous climax and finding that I'd fired an explosive, full sackload of spunk into the condom. I certainly needed to lay back and rest from such a satisfying experience and fine workout. Chelsea seemed to agree that I'd provided satisfactory and full FPM (Fanny Pleasure Management) skills. This was due, in no small part, to her own mature experience, enthusiasm and expert-teese. Alas, the time had passed all too quickly as I considered providing a cunnilingus encore.

I believe that two adults can pay no greater compliment to each other; and, show no greater respect for each other, than to consent to, and exchange, intimate, gentle, affectionate body language. It was certainly an honour and a privilege for me to have met, and enjoyed, such a special and desirable lady from the North East of England.
