### The Premises:

Aswish pad shared with several other very attractive looking girls a few minutes walk from the tube station.

### The Lady:

Just like the photos. Certainly no need to airbrush this one.

### The Story:

Having read the various FR's I was full of expectation but left disappointed after about 35 minutes.

True I came twice in that time but that as really down to her moving things on as quickly as possible. The BBBJ was more hands than mouth and when I came she just let the juice run back down my shaft. Seconds were cowgirl which after a short while she pulled away, ripped the condom off and started vigorously wanking me. Now at the 25 minute mark I was not going to give up that easily so asked for another condom and commenced a short session of doggy. Again she pulled away and I decided at this point to cut my losses and wanked myself over her tits with her verbally willing me on.
