The Lady:

cherie what a plesent girl, long dark hair i'd say about a size 16, absolutely massive boobs i'm sure she said they was 34h she also had a hairy pussy, it was trimmed, myself i love hairy pussy.

The Story:

i went into the room, shower was offered but i had 1 at home,the rooms were very clean, not dingey place. i was undressed all ready, she came into the room with stockings on and a bra which was very heavily over loaded with ginormous boobs, i lay on my back and she gave me a very nice massage no rush job! tickling my balls too which started me gettin hard she also kissed me all over and nibbling my ears too wich was a real turn on too, there was plenty of kissing going on between us. i then lay on my back and she rubbed my front giving my balls alot of attention, she also used her vibe on my bell end and my scrotum, and oh wow it telt so good, she knows what she is doing. and bless her she also licked my scrotum and putting the johnny on with her mouth, i was by this time givin her a good finger fuckin she was moaning alot too (in the nice way) she then sat on top of me guidin my love rod into her wet moist hole, i was by this time playing with her massive mounds and sucking on them. to be honest i did not last to long, to my disappointment, i felt like i just popped my cherry (there is a pun in there somewhere) with her tits swinging in my face and watchin my cock goin in her hairy pussy i could not help but explode for all i was worth. afterwards she had a little chat and a kiss too she was a very warm person no rush job, i could of spoke with her all night. round it all off, she was great alot more to offer but i didn't last to long to see it all.
