The Premises:

Same 5th floor flat on the Cromwell Road that another girl called Kristina used to work at (like Dr Who maybe she has regenerated as the old Kristina was getting on a bit). Tidy and fine, decent shower facilities. Lift in working order.

The Lady:

She's really fine. Very attractive as per website pics, really pretty face with soft perfect complexion. Not a stick insect but certainly no waist imperfections - and great legs, arse and divine cunt.

The Story:

As Kristina pressed her cunt into face I mused on the thought that she was a regeneration of the previous Kristina. Nonsense of course but it helped me concentrate. After about 5 years of sex with hookers on and off this was the first time I can honestly say I made a hooker come - there were just too many internal convulsions for it to be fake. She loved pressing her clit onto my mouth. Then I fucked her every which way - she takes it very hard and fast - then came in her mouth. Gallons of hot white jizz filled her mouth and she let some dribble onto her face. What a superstar. Brilliant. Cleaned up and then round 2 - another great session of oral (did I forget to mention the first session with 70% deep throat??) to get me rock hard then a frantic (brutal?) slam fuck in mish which she demanded of me ("god I love it fast like that"). Brilliant. And a lovely girl.
