The Story:

well what can I say?

My first time at this party and I was expecting exactly what I got, full on ,nonstop action.

From reading the other guys reviews I was only worried about not being able to keep up with these insatiable babes

They started all together like a lezy porn film stripping off their sexy underwear, all really into each other, everyone was quiet just watching them eat each other out and play.

Then the blokes join in. I quickly picked out Mia who is so sexy and stated snogging her which she seemed to like a lot. Another guy was licking her pussy. From snogging she started to give me possibly the best blow job ever! After I came over her face, far too soon, I had to have a drink and a sit down.

But your never on your jack too long at one of these things Melinda was soon sitting next to me and playing with me. She took me upstairs and I gave some revers oral to her then fucked her for a bit.

Then theres Sable who deserves a paragraph to herself...loved having her sexy long legs wrapped around my neck, loved trying to do DP with her and fucking her lovely toned bum from behind.

Generally theres a good fun atmosphere at this party. The girls are accomadating and stunning and they totally knackered me.Highlites were watching Mia get spit roasted, all four girls in lesbian orgy,Claudi and Melinda lovely blow jobs,and Sable
