The Story:

Tina was recommended to me by a mate as a bit of a wild child. Last month I had to cancel an appointment with Tina at short notice & so I was determined to see this one through. I even provided transport to & from a safe point which was a real bonus as I gained an extra hour in the company of this vivacious, warm & friendly woman.

Tina is a great conversationalist with a wicked sense of humour. We quickly established that we both shared the same opinions about punting & our love of dogs.

Once in my home Tina insisted that she change from the stunning little black dress into something more comfortable. This was a figure hugging red silk slip. Realising that I am a control freak, Tina allowed me to explore her body. It was a real pleasure to kiss, caress & undress Tina with her returning the passion. My tongue was finally led to her sweet shaved pussy which by now was dripping. I soon had Tina moaning & writhing under my control ? she certainly enjoyed tasting her own juices. The 1st hour concluded with a highly charged 69 with Tina sucking me dry

After a short intermission & more chat Tina?s pussy got all the attention it deserves with her coming to a shuddering climax. On with the mac & into Tina?s tight & very sensitive pussy for a very energetic doggy with Tina finally draining me once again.

On the drive home we duetted to Meatloaf?s ?By the Dashboard Light? ? a wonderful end to a wonderful punt.

Thanks Tina you are 5 star plus!
