The Premises:

I had been to this flat before on a couple of occasions when I went to see Savanna who used to work for several agencies in London a short while ago.

The flat is clean and tidy, and has several bedroom from which severals girls work simultaneously.

The Lady:

She looked OK, but not as sexy as in the photos. I don't think the photos are brushed however, except that she is shorter than advertised and more slim.

The only catch on her appearance was the presence of black marks in between her teeth, so I guess she was a smoker.

The Story:

As soon as I went in, I felt that she was a bit cold, or perhap shy. I believe, however, that she was tired after what must have been a long day.

Sandra had a good command of the English language, so basic communication was not a problem. She was obliging and did everything I asked her to do, however she lacked in energy level and as a result I felt that I had much better experiences elsewhere: Savanna for instance, who used to work out of the same flat, was constantly on fire, and even sex on steroids.

Alas, Sandra was nothing like that.

If you are looking for a passionate encounter, then you won't find it in here.
