The Premises:

Over the bridge at the back - an easy and discrete way in. A clean but uninspiring place.

The Lady:

Lots of men are going to love Sasha. She is a big lady - and I mean BIGGGG.

The Story:

If big girls are your thing then Sasha is for you. She has a pretty face, and those tits are something else. But she didn't do it for me, I'm afraid. She tried hard, but sometimes came across as bossy, and was cross with me for being too rough when trying to kiss her humungous tits. I thought I was being pretty gentle, but there you are. Her manner deflated more than just my ego and she tried to rescue the situation with vigorous hand work - and to be honest I just let her go all the way with it, despite having paid for a whole lot more. I hate to leave a sauna disappointed - but this was one occasion when I did. Never mind, the Western Bar round the corner does ?5 lap dances on a Monday. What is there to complain about?
