The Premises:

Nice and clean as usual.

The Lady:

Absolutely gorgeous. Slim, blonde, toned with perfect sized breasts, not too big and not too small. Photos on the website are accurate.

The Story:

Nikki only works occasionally, she lives in Slovakia and just comes across to do the odd week now and again.

This is my second visit to see Nikki but I didn't post a review the first time. The first time she was good, the second time probably better.

On arrival, I took a quick shower and then returned to the room, to be joined by Nikki shortly after. We didn't really talk much as her English isn't great but that didn't really bother me. She immediately started kissing on the bed and after a while I undressed her. After a few minutes of kissing and cuddling she reached for the condom. I was a bit disappointed and asked if OWO was available since she did it straight away without asking on the first visit. She said she had a bleeding tooth so it was off the menu today.

Sex was brilliant, she started on top but I wasn't going to last long so we changed to missionary so I could control the pace a bit! All in all, because of the kissing and her stunning looks the experience was fantastic and I left with a huge smile. The only thing missing was the OWO and CIM which would have made it perfect.

It's odd because the first time I visited this wasn't a problem but the kissing was poor. I think it might have been due to times of visit. The first time was towards the end of the day and I was one of the last visitors. This time I must have been first or second person in, so maybe she didn't want to be doing CIM all day! No idea, but will certainly return the next time she is in Britain to see if there is a difference!
