The Premises:

At that time in the morning very quiet realatively safe.

The Lady:

Looked ok, but nowhere as good as the airbrushed pictures. If I was not so horny I would have seen my regular girl except she was away.

The Story:

First off I was left for almost 10 mins to stumble around after being buzzed in. Finally when I found the door which was opened by Sweety 'why come?' in a moody EE voice. Against my better judgment I stayed.

Good the things you put up with when you are horny! I gave her the money and tried to be as friendly as possible, no french kissing, no sucking her tits, she sat on the bed next to me stripped off and gave what I can only describe as a really awful hand job. When I asked for her to suck me off, she said 'ask your wife!' to my amazement.

Being a moron I stayed (?150 wasted) weighing heavily on my mind. I did not stay too long after that though. After fucking her in mish for a short while she muttered carp in polish or something. I come hard thinking about the best porno I had watched a few days earlier, which was ther first time ever while fucking a ?150 escort. A total waste of money and time, if like my you have to travel into London.

Save your money and by 10 dvds!
