### The Premises:

Directions to this village site were clear and helpful. This is a pleasant house in a quiet and discreet area. A parking place was available. Inside was clean and comfortable. The words "well appointed" sum it up.

### The Lady:

Gemma is beautiful, tall blond haired with legs to die for. It is easy to see that she has been a model.

### The Story:

I was welcomed warmly and offered a drink in order to overcome my nervousness as this was my first visit to such an establishment. As I had asked to be beaten Gemma took great pains to ensure that I was aware of what I was seeking - and its consequences. Then we went upstairs and I undressed and was told to kneel on the bed. I was shown a domination video and she got to work giving a mixture of pain and pleasure. Her "weapons" were her hand, a hairbrush back and a cane. Steadily she increased the intensity of the beating. She also handled my scrotum and inserted a plug into my butt, bringing me to a most enjoyable climax. Afterwards we cuddled and had a good GFE.
