### The Premises:

Pretty nice place, but there was no hot water in the shower.

### The Lady:

Probably the same person on the site, but does not look anywhere near as nice as the pics make her out to be.

### The Story:

Not a very good punt at all, I felt like a BJ and her technique is the worst I have ever seen! She doesn't use her tongue at all, she just wraps her lips tight around the middle then takes her whole body up and down. It was impossible to come like this, specially since she kept pausing every few seconds.

She then has this reeeally bad looking growth by her foot that my eye immediately catches and can't get away from. I understand this might happen to someone, but put a plaster or bandage over it if you are seeing someone who has paid to be with you. It started bleeding while i was with her!

She was pretty mechanical overall, did not feel like a GFE.

I've used 90 minute a lot, I have to say they are very good, expected more from someone I booked through them.
