The Story:

This was my first time and I was very nervous. I'd previously explained the situation to Pia by e-mail and she was very helpful in talking me through what happens so I was prepared when I got there. Quite nervous so a chat and a drink first to get to know each other and then she suggested moving into the bedroom.

Kissing was amazing, and then she slowly started removing my top, then jeans and finally boxers. I don't think I will forget the moment she glanced up at me and then started oral.

From there onto the bed for some more OWO, then undressing her for a 69. Some on top, some doggy then back to finish off with oral, then cumming on her pert breasts. Wow, amazing.

As a first timer, I worried that my nerves would get the better of me, but she made me relax and was a fantastic companion. First time, but not last the time! Thank you Pia, you were superb!
