The Lady:

Rachel I would guess is late 20s` about 5ft 3" tall, nice big boobs and eyes that go right through you.

The Story:

Boy does this girl know how to massage, started of with a rather sedate massage but as time went on she began to increase the tease, and when she began the body to body massage and slid my cock between those tits for a titty wank it was all too much. Rachel is a gem treat her good and reap the rewards,
