### The Story:

I hadn't visited Pru for quite a while. Now I was on the M25 driving a mate home from the airport and he was dozing. For some reason the memory of Pru's magnificent boobs would not leave my mind. All I could think about was the way she responded to my attention to her nipples, and the way my reluctant starter motor fired into action, and the warmth of her kisses. I was so excited by the memory I almost exploded in my pants. On the M25 one has to exercise a little restraint, but I made an appointment and the subsequent visit was even better than the one that had remembered. Pru's personal warmth has to be experienced to be believed, and as well as that, I cannot remember having a more excellent fuck.
